

## #ROOFW/SB10xx

Roof for outdoor installation incl. storm bracket for doors

### Reference arguments

Outdoor ready installation package.

The VEX-unit is prepared from factory with an inclined roof for weather protection and storm brackets if the units has doors. This ensures a wind and weather resistant unit. If the unit is in multiple sections each section has a roof and a assembly piece is included in the delivery.

The roof is manufactures in ZinkMaglelis corrosion calss C5.
