

VEX140OD VEX140 kit for outdoor fitting

Reference arguments

The cabinet has been insulated with 50 mm mineral wool.

For outdoor installation, the unit is supplied with a roof that allows cables to be led out under the roof on both sides and on the back of the unit.

(DC TRANSLATED) Vi anbefaler, at aggregater der monteres udendørs, fastgøres yderligere som beskrevet i Outdoor-vejledningen.
